Photography

The Photography SIG goes on an expedition once a month, and then meets later in the month to review pictures and talk about various techniques and tools for digital cameras. The schedule is flexible, so we determine at each review meeting about the time and date of the most interesting expedition. The review meetings generally take place at the Santa Clara Park Library, on Homestead Road. The last few places we have visited are Vasona Park and the Triton Museum, in Santa Clara, Shoreline Park in Mountain View, Levi’s Stadium, and Ardenwood Farm, in Fremont. We have a Shutterfly site, so that all members can log in and look at the pictures that other members have posted.

If you have a Shutterfly login, look at https://santaclaraosherphotographysig.shutterfly.com/
Please contact facilitator Tom McNeal (trmcneal@comcast.net) with any questions.
