JUNE 3RD   DAY 3    ISTANBUL (B,D)
We will start our full day Istanbul tour first by visiting Topkapi Palace, which, from the 15th to the 19th century, was the principal residence of the Ottoman Sultans. Topkapi Palace is not a museum and has unrivaled collections of jewelry, including the Spoon-maker’s Diamond, the 3rd largest in the world, Ottoman court costumes and ceramics, notable one of the world’s finest collections of Chinese celadon ceramics, much of it gifts from other rulers. The next highlight that we will visit will be the Blue Mosque, which takes its name from the exquisite tiles adorning its interior. Built by Sultan Ahmet I in the early 17th century, and designed by a pupil of Sinan, the greatest of Ottoman architects, it is the only imperial mosque with six minarets. We will also visit the Hippodrome, the stadium of ancient Byzantium, held 100,000 spectators and featured objects from all corners of the empire. There are some small villages near these two villages like Taskinpasa, Cemil village and Keslik Monastery.
And then we will visit Taskinpasa madrasah, built by the Karamanids. As for Cemil, it is one of the completely authentic farming villages of the region where some people live in former mansions and some in caves. Visit to Keslik monastery complex, contains the Church of the Archangel, the Chapel of Saint Stephen, a huge dining area, living quarters and a pool of sacred water. After having lunch in Konya, we will cross the beautiful Toros Mountains on the way to Antalya. Overnight and dinner will be at the hotel in Antalya.
JUNE 9TH  DAY 9   ANTALYA (B)

After breakfast, we will depart from the hotel for a full day tour. Situated on a cliff over the Mediterranean, Antalya is surrounded by mountains. Developments in tourism, starting in the 1970s, have transformed the city into an international resort. With its airport and central location, Antalya is a gateway for the Turkish Riviera and many historical sites. In the 1st century BC, the Pergamum king Attalos II ordered his men to find "heaven on earth". After a long search all over the world, they discovered this land and said "This must be 'Heaven'" and King Attalos founded the city giving it the name "Attaleia" which later became Adalia and then Antalya. During your stay in Antalya, you will tour the city as well as visit the ruined sites of Aspendos (this site is under restoration, we will visit this site if the restoration ends by the tour date) and Perge. Aspendos dates back to the time of the Hittites, yet the only visible remains are left over from the Roman Period. The restored theater at Aspendos is said to be the best in all of Turkey. Perge is the best example of a complete Roman city in the Pamphylian plain. Overnight and the dinner at the hotel in Antalya.

JUNE 10TH  DAY 10   ANTALYA / FETHIYE / GULET (B,D)

This morning we will depart from Antalya for a drive to see the ancient Roman ruins of Myra. There, we walk in the large theater, still very much intact with marble seats and mask friezes scattered around the elaborately decorated stage area. The site of Myra also features Lycian house-tombs carved into the cliffs, which are a source of amazement on their own. Built in the fourth century BC, they contain some of the earliest examples of Lycian script and funerary bas-reliefs.

Our next stop is a visit the Church of St. Nicholas in Demre. In the fourth century AD, St. Nicholas was the bishop of this area and was known as a protector of children, showering them with gifts at every opportunity. He was later declared a saint, and is now known as the model for Santa Claus or Father Christmas. Christians from as far away as Italy and Russia come here to attend a special annual festival Mass.

We will enjoy lunch in Demre before continuing to Fethiye through an area known as Kekova, a particularly beautiful region with few roads. In its small fishing villages, we may see fishermen mending their nets, women curing olives or drying figs, and village children playing as we pass through.

At the harbor of Fethiye, we will board your traditional Turkish gulet-style yacht, our home for the next four nights. Your gulet is a teak and oak beauty with both sails and a motor, an outdoor eating area, and comfortable cushions for relaxing on the observation decks, fore and aft. After we meet our expert captain and his friendly crew, you will take a short tour of the gulet, then enjoy your first dinner on board. You will set off this evening to a nearby cove, where you will spend a tranquil, restful night.

JUNE 11TH, 12TH, 13TH  DAY 11, 12, 13   GULET (B, L, D)
On day 10, 11 and 12 we will have great opportunities to swim on the hidden and most beautiful coves of the world. You will also have chance to visit some historic and archeological sites. We will also have incredible hikes through the nature and history. Kayakoy, Soguksu Cove, Gemiler Island, Kleopatra Bath, Aga Limani are some of the sites that we will visit. We will also have the famous 'Lydian hike'. All breakfasts, lunches and dinners will be on the boat.

**JUNE 14TH  DAY 14  MARMARIS- KUSADASI (B, D)**

After having our last breakfast on the boat we will disembark and drive to the city of Kusadasi through a scenic road. Before we will check into our hotel, we will also stop en route to view the ruins of the sixth-century Basilica of St. John, said to stand over the burial site of the Apostle of Jesus, who is thought to have authored the Book of Revelation and the Fourth Gospel of the Bible while in Ephesus.

Then you continue on to your hotel in Kusadasi. Dinner and overnight at hotel in Kusadasi.

**JUNE 15TH  DAY 15  KUSADASI (B, D)**

We will visit the ancient site of Ephesus, one of the most impressive and well-preserved archaeological sites in the world; House of Virgin Mary, where St. Mary is supposed to spend her last years together with St. John.
