SPINPlus is a web-based system that includes a database of funding opportunities, a database of investigator profiles, and a matching alert service. SPINPlus includes three product modules: SPIN, SMARTS, and GENIUS.

**SPIN**
Funding Opportunities
database of national and international government and private funding sources.

**SMARTS**
Investigator Funding Alert System matches investigator profile information with SPIN. Matching is conducted on a daily basis and programs are emailed to researchers.

**GENIUS**
Global WWW network and database of investigator profiles of scientific and scholarly expertise.
What is SPIN?

- **Sponsored Programs Information Network (SPIN)** is a funding opportunities database designed to provide up-to-date information on current federal, non-federal, and international funding opportunities, including: Fellowships, Research Grants, Publication Support, Sabbatical Support, RFAs (NIH Guide), Curriculum Development, Conference Support, RFPs (Commerce Business Daily), and more.

- Contains more than 2,500 sponsoring agencies, which together fund over 11,000 separate funding opportunities.

- Primary source information obtained directly from the sponsoring agencies to ensure the integrity of the data.

- **SPIN** enables users to search the database using selections from various categories (keywords, location, sponsor, deadline, etc.)
