Faculty Members,

We wanted to let you know about the services available to students at Cowell Student Health Center.

All enrolled undergraduate and law students -- residing either on or off campus, regardless of insurance coverage may utilize our services. All graduate students can access the Health Center by paying a quarterly fee.

The Health Center is located in Building 701 near the Leavey Event Center and the tennis courts.

Our well-qualified staff includes: physicians (internal medicine and psychiatry), nurse practitioners, a physician assistant, registered nurses, a registered dietician, a physical therapist, medical assistants and administrative staff.

What Services are available?
- Diagnosing/treatment of illnesses/injuries
  (primary care issues, orthopedic, dermatologic, etc.)
- Physical examinations
- Men and women’s health issues
- Immunizations.
- Laboratory testing
- Medical equipment & supplies.
- Limited in-house pharmacy.
- Referrals to specialists where appropriate.

Students may contact the Health Center either by phone (408) 554-4501 or in person to set an appointment.

Clinic hours are Monday through Friday, 8:30 am to 5:00 pm. We open at 9:15 am on Thursdays. We are closed weekends, university holidays and mid-June through mid-August. A health advice-nurse is available at 408 554-4880 during clinic off-hours throughout the academic year. The SCU Emergency Medical Service provides after hours care for the campus community. These students are Certified Emergency Medical Technicians who assess injuries/illnesses and refer the patient to the appropriate health care provider.

Please feel free to visit our website for more detailed information:

You may have students presenting with “excuse” notes from the Health Center. This note serves as a report that the student was seen at the Health Center or the student has reported to the Health Center being ill. The ultimate decision to excuse a student from class is up to the individual professor.

Should you have any questions regarding our services or a concern about a student with a medical issue, please do not hesitate to contact Peggie Robinson, RN, Clinic Manager.
